

# CONSTRUCTION NOTICE

April 2018

## N 88th St stairway reconstruction between Meridian Ave N & Burke Ave N begins as soon as April 13

### OVERVIEW

To improve pedestrian safety and accessibility, Seattle Department of Transportation (SDOT) crews are reconstructing the N 88th St stairway between Meridian Ave N and Burke Ave N. The existing 44-foot long stairway does not meet current accessibility standards.

### PROJECT IMPROVEMENTS

As part of this rehabilitation work, crews will:

- Remove and replace the existing stairs with a 5-foot wide staircase made of reinforced concrete, with even heights for each step

### CONSTRUCTION SCHEDULE

Beginning as early as April 13, crews will begin preliminary work at the site. The stairway will be completely closed to pedestrian access during this work. Stairway restoration is scheduled to take approximately 1-2 months and is expected to reopen by June 2018, weather-permitting.

**Existing stairway.** *This project is funded by the 9-year Levy to Move Seattle, approved by voters in 2015.*

### WHAT TO EXPECT DURING CONSTRUCTION:

- Typical work hours between 7 AM and 3:30 PM on weekdays
- Temporary pedestrian detours
- Noisy work activities, including concrete breaking and backup alarms required for safety
- Temporary lane restrictions at top and bottom of stairway during work
